Rate of Tax as per closest respective entry or entries.

PRINCIPLES OF APPLICATION AND INTERPRETATION: For the purposes of application and interpretation of the SECOND SCHEDULE and all allied matters, the following principles shall be binding and followed as an integral part thereof:

1. The FIRST SCHEDULE contains description of minimum services and hence there may be a case or cases where any service or class of services is not mentioned in the FIRST SCHEDULE but mentioned or covered in the SECOND SCHEDULE, tax shall be payable on every such service or class of services in terms of the Second Schedule and no pretext or argument about any claim for their non-taxability shall be permissible or allowed.
2. Each serialized entry in the SECOND SCHEDULE primarily reflects and covers distinct class of services, which means the scope or coverage of tax runs through or alongside the lines of the classes of services. Thus the specific service descriptions in any class of services do not mean that description of the service is exhaustive. The services mentioned in SECOND SCHEDULE, by whatever name called, shall remain taxable even if it is not cited as such under the class of services covered in the SECOND SCHEDULE; such service shall be taxable as one of the services of the relevant class of service.
3. No input tax adjustment shall be admissible in respect of services where exemption or reduced rate of tax has been applied or allowed in the SECOND SCHEDULE. The recipient of such service shall, if he is a taxable service provider, also not be entitled to adjust the input tax paid on reduced rate against output tax payable on the service or services provided or rendered by him at immediate next stage of supply chain.
4. Where services provided by a person are chargeable to a rate of tax entitled to input tax adjustment, the input tax adjustment shall be admissible in respect of the tax paid on the inputs (otherwise taxed on higher rate) only to the extent not exceeding standard rate of the tax regime to which the input relates.
5. Where by virtue of interpretation or otherwise, any service can be considered to be classified or is otherwise found to be classifiable with matching or equal accuracy under two or more entries of the SECOND SCHEDULE, such service shall be classified and taxed under or with reference to the entry appearing later in number regardless the rate of tax is lower or higher.
6. Where a person is engaged in performing more than one taxable services under his same business name and some of the services are entitled to reduced rate or rates of tax while others are liable to tax at standard rate, such person shall be entitled to avail two rates of tax provided that no input tax adjustment shall be admissible or allowed to the extent of turnover chargeable to lower rate of tax.
7. Due to changes in science and technology, the jargon or nomenclature of market economics is changing faster than adjustments which may be made in the legal instruments. The taxability of a service shall be determined with reference to its description either mentioned separately or included in the class of services under the SECOND SCHEDULE read with these principles of application and interpretation.
11. Non-mentioning of a classification heading of any service in the SECOND SCHEDULE shall not in any manner effect the taxability of such service in the said SCHEDULE.

13. Where under any entry, any service or services have been specifically excluded, such service or services shall not be classified under such entry for the purpose of tax assessment or otherwise.
14. Nowhere in any entry "inclusion" of any service or services shall, unless the context otherwise specifically requires, be construed as exclusion of other service or services otherwise falling in or under such entry either by virtue of class of services or otherwise.
